Gistel, Belgium, May 2010

OPOS X Barcode

At present, more and more software houses support Summa's barcode system to boost productivity. The latest versions of Softeam, Caldera, ColorGate, Easysign, Ergosoft and Cadlink have implemented the barcode feature. This way, contour-cutting multiple jobs is possible with a minimal of operator interventions.

Note: Barcode cannot be used in combination with OPOS Cam or paneled OPOS.

About Summa

Summa manufactures and distributes graphic imaging products for the sign making, labeling, vehicle wrap, aerospace and outdoor advertising industries. Its products include SummaCut and Summa S Class vinyl cutting plotters and the industry's most environmentally friendly printer, the Summa DC4 wide format thermal transfer printer line. As from fall 2010, the F Series flatbed cutter will join Summa's product line.

Summa's European headquarter in Gistel, Belgium, can be reached by calling +32 59 270011 or via the Web at www.summa.eu.
